

Spain Schengen Visa Cover Letter

Dear Madam or Sir,

I am writing this letter to express my wish to travel Spain for tourism and explain IRP expire date issues.

I plan to visit Barcelona and Seville during the middle of June(11/06 to 16/06) and visit Madrid during the early of July(10/07 to 13/07).

I want to explain more about IRP card expire date here, the Schengen visa require at least three month, but my IRP will expire on 20/07. I will renew the IRP card once I get my new working permit(expected in the early June). You can see from my latest work reference, I am permanent employee of ICE data services, my employer is applying the new work permit (Critical skill working permit) for me, it is in the process.

I have attach the mail from HR department as a proof. So I will be a long term resident(stamp 4) in Ireland after two years Critical working permit. I also plan to visit more cities in Spain and other Europe countries in the future.

My travel will be self-funded, I have good cashflow which can support my all expense during the travelling. My Laya Healthy insurance also include up to €100,000 overseas treatment, so I used this for travel insurance.

I am a keen traveller and previous travelled to Poland, Italy, Hungary and Czech in 2019. This is my first chance to travel aboard after two year pandemic lockdown.

If you could allow me a visa with longer duration, which will allow me to visit more places in Spain, I would be extremely grateful.

Thank you for your consideration!

Your Sincerely
Siran Gong
